

employee organization pursuant to article 14 of the civil service law and policies and guidelines of the state university board of trustees and provided, further, that such state university officers and employees shall continue to be subject to all appropriate financial disclosure and reporting requirements as defined in [section 73-a of the public officers law](#).

“§ 9. Nothing herein contained shall in any way alter or impair the rights under article 14 of the civil service law of all members of certified bargaining units currently or hereafter employed by the state university of New York and all certified employee organizations and negotiating units of such employees shall continue in accordance with the provisions of article 14 of the civil service law.

“§ 10. The trustees of the state university of New York shall assure that any contract or agreement entered into for the provision of general comprehensive and specialty health care services in a state university health care facility through participation in a managed care network or other joint and cooperative program and arrangement, including on a regional basis, the service of which is being provided by state university employees who are members of a certified bargaining unit at a state university health care facility, will not cause the reduction or elimination of state university employees who are members of such bargaining unit; subject however, to the terms and conditions of any current or future collectively negotiated agreement between the state and certified employee organizations pursuant to article 14 of the civil service law. At each state university health care facility there shall be a joint labor/management committee. The goal of the labor/management committees is to improve productivity and the quality of working life, patient care and the research and education programs of these health care facilities and to plan and develop education and training programs to ensure that its public employees have the knowledge and skills required to provide high quality, state of the art, comprehensive and specialty health care services, appropriate for academic medical centers, which meet the health needs of its service area at reasonable costs. Such committee shall report annually on its education and training programs to the director of the office of employee relations and to a joint labor/management health services committee for the state university system. The state university system committee shall propose, when appropriate, additional education and training programs to the state university board of trustees. Labor representative on the committees shall be appointed by the appropriate collective bargaining unit.

“13. Nothing contained in this act shall be construed to exempt state university health care facilities from otherwise applicable provisions of the public health law or the insurance law.”

L.1998, c. 58 legislation

L.1998, c. 58, pt. C, § 112, provides:

“Insofar as the provisions of this act are inconsistent with the provisions of any law, general, special or local, the provisions of this act shall be controlling.”

L.1997, c. 537 legislation

L.1997, c. 537, § 2, provides:

“This act shall take effect immediately, provided, however that subparagraph 2 of paragraph d of subdivision 5 of section 355 of the education law, as added by section one of this act, shall expire and be deemed repealed on June 30, 2002.”
